Base ball score received by innlge; Pittsburgh vs. Detroit, world's series, at Frank Miller's saloon.

D. Hechinger & Co. have just received a consignment of Moose Hide high top shoes that are warranted to be absolutely water proof.

The game of ball between Maysville and Vanceburg yesterday at the latter place ended suddenly and disastrously in the seventh inning with the score 12 to 5 in favor of Maysville.

In this inning Terry Mackey of the Maysville team was running to first base when he collided with Orville Tannian, first baseman of the Vanceburg team, breaking the latter's leg above the knee. Mr. Mackey was thrown some distance but escaped serious injury. Young Tannian is a son of Colonel Tannian of Vanceburg and a nephew of Mrs. Henry J. Shea of East Fourth street.

Monday the interesting three-year-old son of Mr. and Mrs. Charles Slack of West Second street caused his parents much anxiety and perturbation of mind in consequence of his having swallowed a good sized metal nut, used in retaining the wheel on his toy wagon. The little fellow had taken the wheel off its axle for the purpose of fixing some part of the running gear, and in the interim had placed the nut in his mouth for safe keeping, and in some manner swallowed the metal substance. After having undergone a thorough purgative course the young man rounded up all right, free from any serious mishap and much to the joy of his fond parents.

Dear Boys: While in New York yesterday I purchased 50 Ostrich Plumes, worth from \$4 to \$5 each. The manufacturer was anxious to have our name on his books, hence this close price. Mark them \$1.98 each, which will give you a very small profit, but will be a good advertisement and should create quite a little talk. What the Great Operatic Artists Are Doing

Great artists like Melba, Calve, Eames and others devote a sumptuous care to the preservation of their physical beauty as to the development of their voices. Hair and complexion demand the greatest care. A smooth, velvety and rosy complexion in connection with a luxuriant head of hair will transform the most commonplace looking female 'toto' an attractive and fascinating woman.

Women's professional life thoroughly understand this fact. How often we hear the expression, "What a beautiful head of hair," or "What a lovely complexion," etc. Take a woman for instance, of fifty years, whose hair has become streaked with gray. If she thoroughly realized that Q-Ban Hair Restorer would restore her hair to its youthful beauty and abundance, what would she not pay to become possessed of it, and if she knew that applications of the Restorer to the face would remove all pimples, blotches, etc., and improve the complexion a hundred fold, beside making her appear fifteen years younger, would she use it? Dr. Nott says that he never in his entire practice, failed in one single instance to restore gray hair to color, depending solely upon Q-Ban Hair Restorer, and that for diseased conditions of the scalp, falling hair, dandruff, etc., or to increase the growth of the hair, the Q-Ban Hair Tonic was always to be relied upon. All druggists have it for sale. Try it. If you see six bottles and the results are not as claimed, your druggist will refund you money.

"J. Jas. Wood & Son recommend and sell these preparations. If you are gray haired or your hair is commencing to fade you can have the first full size 50c bottle by sending 12c in postage to the Hesig-Ellis Drug Co., Memphis, Tennessee."

Ripley Bee.

We are told that the syndicate which is to build the traction line down the river will ask for a franchise down Second street, through Ripley. Asking and getting are two different things.

We hardly believe that a Council could be found in Ripley that would grant any such franchise. Easton street was opened up for railroad purposes, and the franchise granted to the O. R. and C. is so constructed that any other road can use that street by an arrangement with said road.

Captain J. N. Patton, ex-Mayor of Manchester, was a Ripley visitor last Friday. He thinks the traction line down the river is a sure go, and says Manchester citizens are much elated over it.

HOPPER IS RE-ARRESTED

Springdale Man Again Taken on Eve of Release.

Samuel Hopper, the young man of Springdale taken to the Newport Jail more than a week ago charged with violating the postal laws, was confronted with another disappointment Tuesday, when, after he had secured bail of \$1,000 and was about to be released, he was re-arrested and locked up again.

Last week Hopper's aged mother went to Newport with \$500 to secure her son's release, but was informed that the bond had been increased to \$1,000, and she was compelled to return home without him. Tuesday the \$1,000 was raised, and the bond was filed for Hopper's release from jail until his trial in the Federal Court in Covington.

Just before being released Deputy Sheriff John Higgins of Campbell county arrested the young man on a warrant from Flemingsburg, by the civil authorities, charging him with forgery. The charge is in connection with that brought by the Government authorities, and Hopper will be taken to Flemingsburg to be tried.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

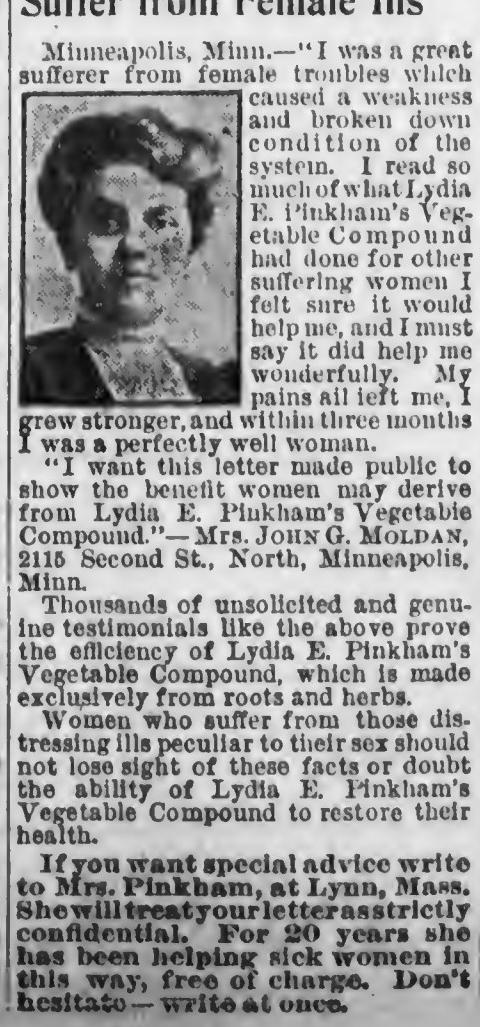

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

Championship Battle Tomorrow at Pittsburgh to Eclipse All Records For Attendance

The baseball world is now turning to the biggest of all big events of the season which is to be pulled off tomorrow at Pittsburgh for the world's championship battle between the Detroit Americans and the Pittsburgh National Club.

At Forbes Field a force of workmen is constructing 8,000 additional seats. At the downtown offices of the Club clerks are swamped in the task of returning letters, estimated to contain many thousands of dollars, for the reason that the reserved seat supply became exhausted last Saturday.

Veterans of baseball games say they have never witnessed such an amazing demand for seats.

How many persons will attend the games Friday and Saturday is questionable, but from present indications an estimate of from 75,000 to 100,000 is believed not to be an exaggeration.

The betting is remarkable from the amount of money in evidence. It is said that more than \$20,000 has already been placed by Pittsburghers, and a greater sum is said to be awaiting takers.

The average betting is about even, although many bets offering 10 to 7 and 10 to 8 have been registered.

The surveying corps has located the Ohio river Lock and Dam No. 25 at the mouth of the Great Kanawha river, four miles East of Gallipolis. This Dam is to cost \$1,000,000.

The Keystone State has been lying at Pittsburgh, the Queen City at Steubenville, O., and the Virginia at Cincinnati, since last July. These boats are operated by the Pittsburgh and Cincinnati Packet Company.

• • •

The output of the Pittsburgh mines has been so heavy during the past month that there is not enough empty craft to put the coal in. Owing to the drought the coal companies are unable to get empties up to headwaters.

• • •

The Greene Line has only two light draught steamers running in the Cincinnati, Huntington and Pomeroy trade, but they take freight for Kanawha river points to be transferred to light draught gasoline boats above Lock No. 11 on the Kanawha river.

• • •

Captain Harry McQuire and his partner of the towboat A. R. Budd of Pittsburgh are making an observation trip from Pittsburgh to Cincinnati in a small motor boat, taking notes of the changes in the channel and bad places during the low water in the Ohio river. Frank Wright joined the party at Gallipolis. They run only in daytime.

• • •

The month of September has passed without a rise that would enable packets out of Pittsburgh to operate. Rivermen at headwaters relinquish all hope of a coal-shipping stage within the next thirty days. Their judgment is based on experience and records of previous years.

Records of flood stages from 1806 to 1908 fail to show a flood stage in the Ohio river occurring in the month of October. Rivermen are unable to recall any year that there has been a coal-shipping stage in October.

The records show rises at various times in November, generally around Thanksgiving week. There are 10,000,000 bushels of coal ready to leave Pittsburgh at twenty-four hours' notice, and coal interests are prepared to take advantage of a quick rise.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair, constancy. A person without hair is not devoid of character, for from it, the disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Séguinard, of Paris, France, invented a paint with Dandruff germs, causing it to become totally bald in five weeks time. To rid the scalp of these dangerous germs it is necessary to apply Newhous' Haricide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Haricide Co., Detroit, Mich.
